Activity Description:

The amount budgeted for ADECA's program administrative costs includes anticipated expenditures of grant funds for ADECA's staff to work on this program. These funds include staff salaries (direct and indirect costs), travel, equipment, supplies, and other necessary and proper uses of funds as needed for management and oversight of the grant program. Staff work includes, but is not limited to, drafting the State's plans and any substantial amendment(s); drafting and publishing public notices of public hearings, plans, and notices of funds availability in statewide newspapers and online on ADECA's Disaster Program webpage; conducting public hearings and public comment periods for said plans; conducting training workshops that include grant application and compliance requirements; providing technical assistance to subgrant recipients; processing grant award documents and requests for payment of grant funds; monitoring local projects for program compliance; closing out open grants; maintaining records per ADECA's Records Disposition Authority requirements; drafting and submitting quarterly progress reports to HUD; and participating in federal monitoring visits conducted by HUD.

Recognizing the magnitude of the grant allocation, ADECA heretofore recognizes the need of a national consulting firm experienced in assisting States and communities with the development and implementation of disaster recovery grants. This is more so true with the February 3, 2022 Federal Register's Consolidated Notice that has created additional requirements, many of which are technical in nature. Thus, to ensure that this disaster recovery and mitigation grant is properly and timely implemented, ADECA is setting aside a significant amount of this grant's funds for such consultant contractual purposes. The administrative funds will cover pre-

award and other unforeseeable cost throughout the life of the grant.
